LIVESTOCK

Features

- Heavy enough for working facilities, attractive enough for decorative fence. You'll be pleased with the durability, strength, quality and elegance of Sioux Steel's Gold Quality Continuous Fence
- 45° or 90° corner members available for different configurations
- Notched uprights, square top.
- Each panel has one end that is "swaged" to allow it to fit into the next panel for a solid joint.
- Available painted or unpainted.
- Ends and corners are available.
