

Grain Shield

Store over **30%** more grain by adding a grain shield to your Pro•Tec building. The area in purple represents the additional storage space you would receive. Available in Sentry models.

Grain Storage Facilities

- Engineered To Utilize Load-In Conveyor
- Cost-Effective
- Store Commodity & Equipment
- Optional In-Floor Aeration & Unload Available
- Large Capacity Storage

As farms and cooperatives grow larger, they are seeking a better way to store their product. Gable & Sentry series options are available for just this purpose.

Our buildings fit your needs by offering large capacity economical corn storage! Plus these flexible multi-use storage buildings can serve other storage needs

when not in use for grain storage. Flat grain storage is a popular and cost-effective way to store high quantities of grain and other commodities.
