## 90° Open Tub & Alley

Less expensive version of the sheeted systems. Made heavy and well-built to allow cattlemen/women to operate at large cattle ranches.

Open sweep tub is one of the heaviest built open sweep tubs on the market and comes with a spring loaded safety latch that keeps cattle from pushing the gate back on top of the operator. Sweep gate swings into position to create an extension of the alley, forcing the animals into the alley. The sweep tub can be assembled with a right-hand sweep gate or a left-hand sweep gate.

- Weighs 1,875 lbs
- 14 Gauge tub panels
- 16 Gauge alley panels
- Alley adjust from 18"-29"
- 70" tall alley & tub panels

STT180AO

See the product video at  
[www.stockmanranch.com](http://www.stockmanranch.com)

## 180° Open Tub & Alley

Kick Pan

Tips on Side

# Calf Table

- 562 lbs
- Auto Headgate allows operator to push the calf into the calf table and catch themselves
- Heavy built to handle calves up to 400 lbs + as well as sheep and goats
- Easy access drop down side pipes to gain access to the side of calves to make branding and vaccinating easier
- Headgate can be mounted on either end of the table so that operator can brand on the left or right hip
- Side exit for access to animals while still caught in the headgate
- Drop down kickpan to gain access to the animals feet for clipping
- Tips on its side to help control animal to make castrating easier

# Panels & Fencing

STA10P
